

REMARKS

Applicant would like to thank the Examiner for the careful consideration given the present application, and for the personal interview of April 15, 2005 with the Examiner and his supervisor. The application has been carefully reviewed in light of the Office action and interview, and additional amendments have been provided to more clearly and particularly describe the subject matter which applicant regards as the invention.

Claim 28 has been amended, as requested by the Examiner, to clarify what is being controlled through the movement of the user's eye. The claim has also been amended to be consistent with the other claims in the use of the terms "user" and "traveler". Furthermore, claim 17 has also been amended to clarify the claim, as requested by the Examiner.

Applicant notes that the Examiner indicated at the personal interview that it appears that the claims, as amended in the amendment filed on February 18, 2005, appear to overcome the prior art of record.

In light of the foregoing, it is respectfully submitted that the present application is in a condition for allowance and notice to that effect is hereby requested. If it is determined that the application is not in a condition for allowance, the Examiner is invited to initiate a telephone interview with the undersigned attorney to expedite prosecution of the present application.

If there are any fees resulting from this communication, please charge same to our
Deposit Account No. 16-0820, our Order No. 34182.

Respectfully submitted,
